PROFILE

I am a technology enthusiast, graduated in Computer Networking, and as a self-taught, I've learned various sets of skills and gained practical experience in web technologies, programming languages, and Operating System Management

WORK EXPERIENCE

Intern

2021 - 2022

Commission National des Marchés Publics

As an intern, I was responsible (under the direction of my team leader) for:

- The inventory of the equipment we were using
- The manufacture of network cables and their maintenance
- Re-Installation of windows server on bare metal
- Computer troubleshooting and recovery
- IP Phone installation and configuration
